

MARICOPA COUNTY

Figure 31.1

Overall, three of ten (29%) people 65+ participate in volunteer work. The main outlets for volunteering include religious groups (53%), senior service agencies (19%), civic or social organizations (15%), and hospitals (13%).

Note: Indicator 31 corresponds to Questions 89a, 89b and 90 in the AdvantAge Initiative survey questionnaire.

MARICOPA COUNTY

Figure 31.2

Overall, three of ten (29%) people 65+ participate in volunteer work. Figure 31.2 shows the number of hours per week, including travel time, they usually spend doing volunteer work. Nearly half (47%) spend less than five hours per week volunteering, one quarter (25%) spend five to nine hours, and one fifth (20%) spend ten hours or more.

MARICOPA COUNTY

Figure 31.3

Overall, three of ten (29%) of people 65+ participate in volunteer work. Figure 31.3 shows differences by demographic characteristics. People age 65+ with incomes at or above 200% of poverty are considerably more likely than those with lower incomes to volunteer (34% vs. 20%). People age 65-74 and white non-Hispanics are also more likely than their counterparts to volunteer (34% vs. 24%; 29% vs. 21%, respectively).

MARICOPA COUNTY

Figure 31.4

Figure 31.4 shows additional differences by demographic characteristics. People age 65+ in excellent, very good or good health as well as those without activity limitations are considerably more likely than their counterparts to volunteer (31% vs.18%; 31% vs.18%, respectively). Those with more than a high school education, and those with friends in the neighborhood are also more likely than their counterparts to volunteer (34% vs. 22%; 32% vs. 21%, respectively).

Note: HS=high school; Ex=excellent; vg=very good; ADL=activities of daily living; IADL=instrumental activities of daily living.
