

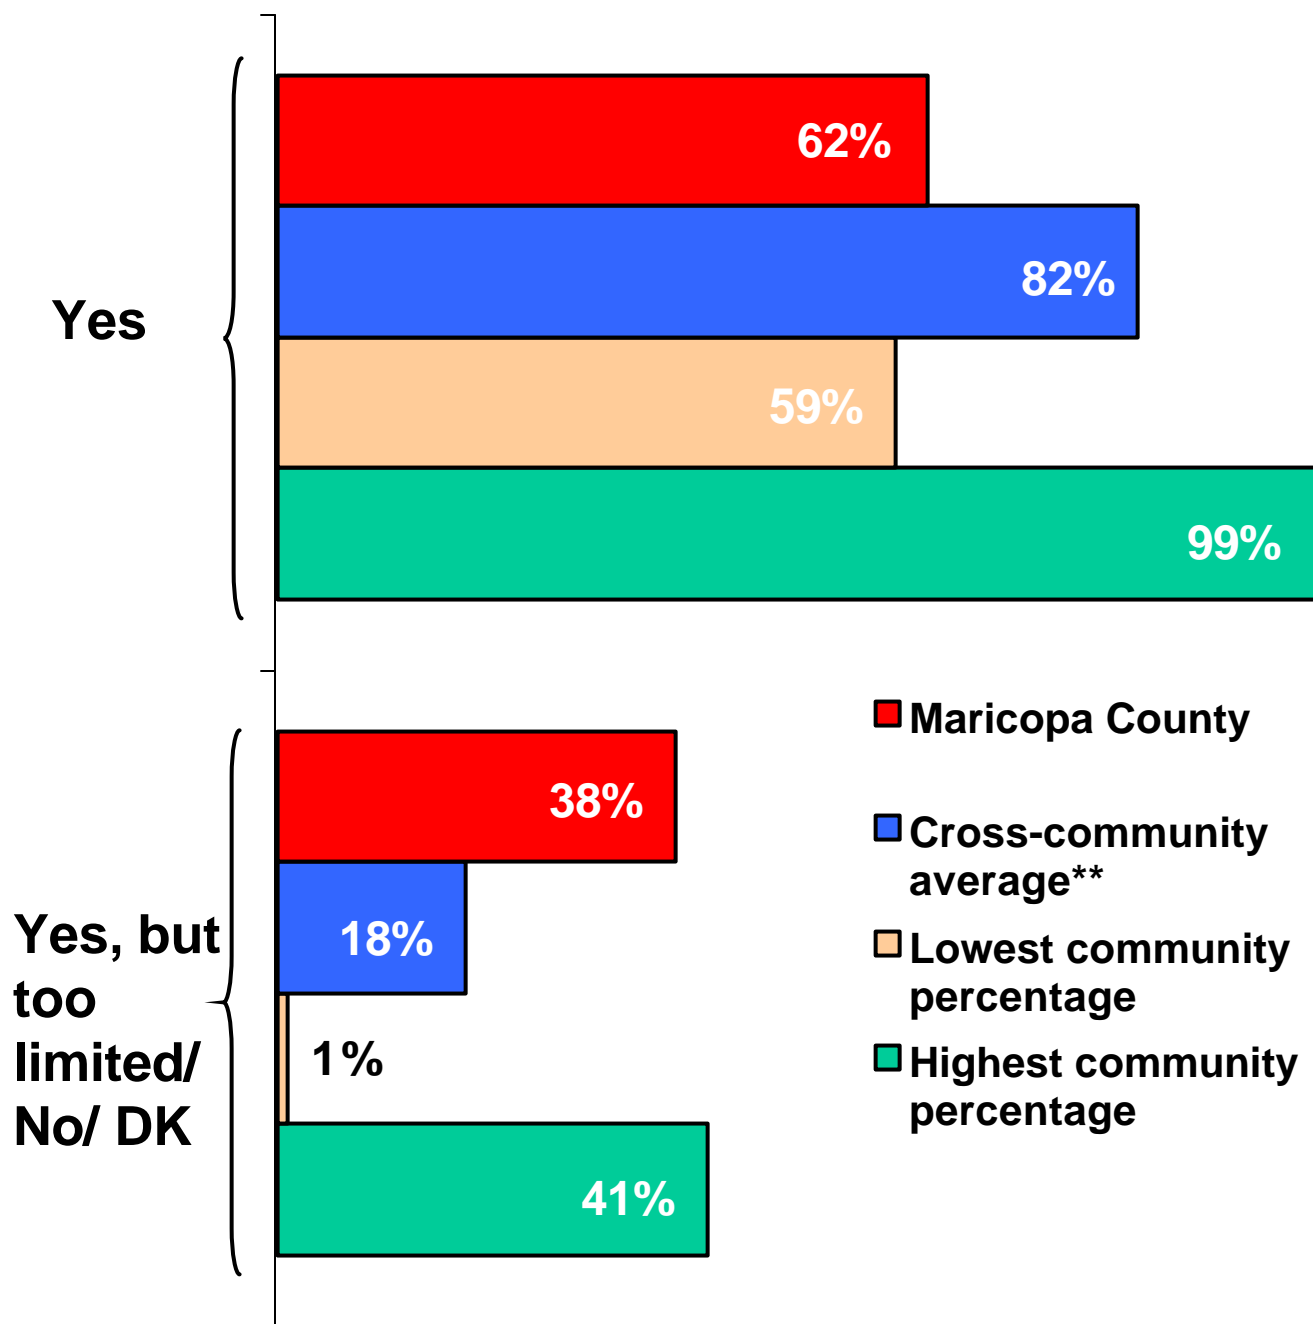

Figure 22.6

## ***ALL-COMMUNITY COMPARISON***

### **Percentage of people age 65+ who have access to public transportation\***

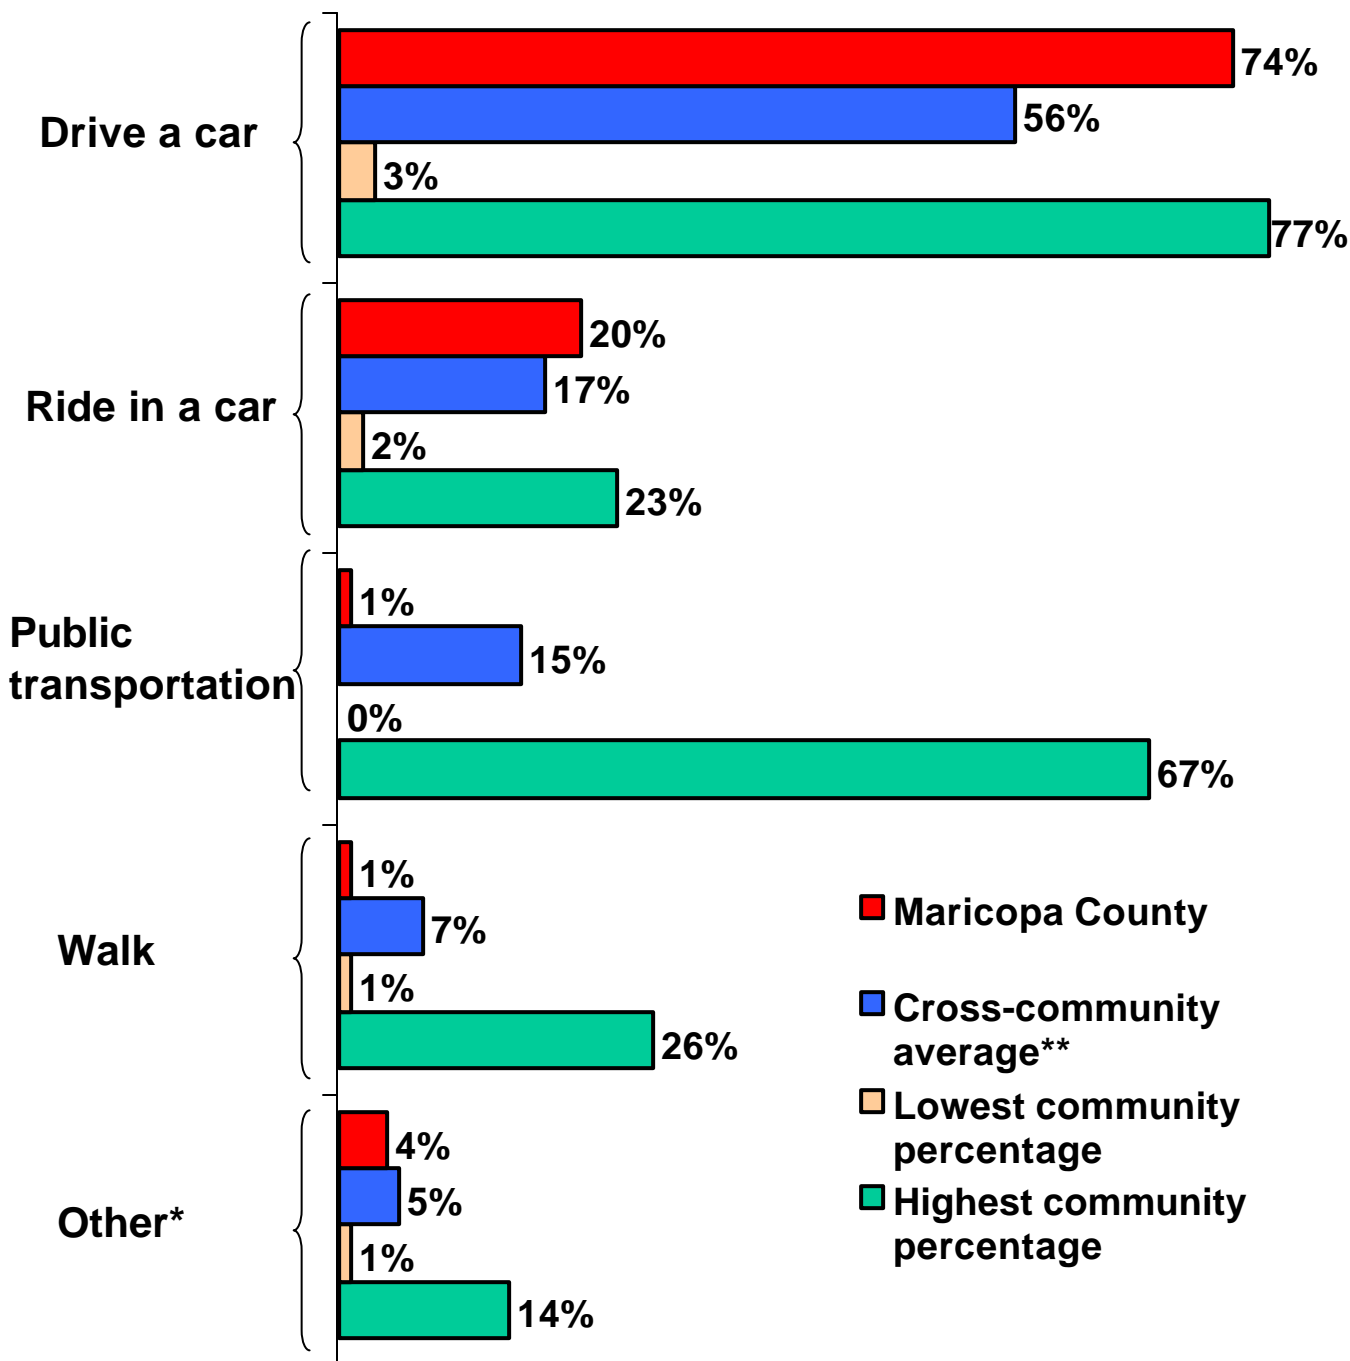

\*People were asked whether public transportation service was available in their community.

\*\* The cross-community average was obtained by calculating the percentage for each separate community, then summing these percentages and dividing by the total number of communities.

Figure 22.7

## ***ALL-COMMUNITY COMPARISON***

### **Means of transportation used most frequently**

\*Includes taxi, special transportation, and other.

\*\* The cross-community average was obtained by calculating the percentage for each separate community, then summing these percentages and dividing by the total number of communities.
