

Back-to-School Grants Program Frequently Asked Questions **FOR SCHOOL STAFF**

1. What is Virginia G. Piper Charitable Trust?

Virginia G. Piper Charitable Trust is a private foundation committed to honoring Virginia Galvin Piper's legacy of supporting organizations that enrich health, well-being, and opportunity for the people of Maricopa County. The Trust focuses its grantmaking in six core areas: healthcare and medical research, children, older adults, arts and culture, education, and religious organizations. For more information, visit pipertrust.org.

2. Why is my district receiving this grant?

Your school is one of Maricopa County's public elementary schools serving a significant number of students in need and as such, it was selected by Piper Trust's Board of Trustees for a Back-to-School grant award.

3. Can I apply for a grant for our other schools?

No, all grantees of this Back-to-School Grants Program are selected by Piper Trust; there is no application process.

4. Why were some Title I schools in our district not included?

Title I designation alone is not the defining factor for this program. Schools are selected for Back-to-School grants based on several factors which include Free and Reduced Lunch Program data, enrollment numbers, and grades served. Some schools that have schoolwide Title I designation may not meet other parameters of this grant program.

5. What can and can't these funds be used for?

Schools may use funds to purchase resources/supplies that support education access for students in need. Examples include hygiene products, technology products/services, and clothing essential for school attendance including underwear and socks, jackets, and shoes. The Trust hopes this funding will help reduce educational barriers that students may experience.

6. How do schools use these funds?

Grant funds may be used for resources/supplies that support education access for students in need. Some recipient schools make bulk purchases to supply emergency closets; others make purchases on an as-needed basis throughout the year. It is up to districts to ensure that procurement policies support the use of grant funds.

7. How do I access the grant funds?

Contact your school district about accessing your grant funds.

8. What are the reporting requirements for this grant?
